- 15(b) The Philips REMstar CPAP device manufactured and supplied by Defendants were not merchantable quality and were not fit for the ordinary and/or particular purpose for which they were intended as, among other defects, the risks included and unreasonably high risk of developing cancer or other serious illness due to the release of toxic and carcinogenic particles from the device's PE-PUR sound abatement foam.

- 15(d) Contrary to such warranties, the Philips REMstar CPAP device was not of merchantable quality of safe for its intended and particular use and purpose, because the product was defective when used normally as described above, and/or failed to comply with federal requirements.
- 15(e) As a direct and proximate cause of Defendants' breach of implied warranties, Plaintiff has suffered serious physical injury, harm, damages, and economic loss and will continue to suffer such harm, damages, and economic loss in the future and is entitled to compensatory damages in an amount to be proven at trial.

WHEREFORE, Plaintiff prays for relief and judgment against Defendants and all such further relief that this Court deems equitable and just as set forth in the Master Long Form Complaint for Personal Injuries, Damages and Demand for Jury Trial and any additional relief to which Plaintiff may be entitled.
